

THE DAILY REPUBLICAN.

VOLUME XXIII-- NO. 12

SEYMOUR, INDIANA, WEDNESDAY EVENING, NOVEMBER 9, 1898

PRICE TWO CENTS

THE ELECTION

How Voters Exercised the Franchise.

THE VOTE WAS LIGHT

Colonel Roosevelt Elected Governor of New York Over Van Wyck.

THE RESULT IN INDIANA

Both Parties Claim Their Advices Show They Have Carried the State.

VOTING IN OTHER STATES

Returns are slow in coming in most instances but indications are that both parties hold about the same positions as two years ago—General Joe Wheeler Re-Elected to Congress Unanimously Not a Vote Being Cast Against Him—Results as Told By Our Dispatches.

INDIANA.
Indianapolis, Nov. 9.—Both parties are claiming the state, the Republicans by 15,000, while the Democrats say the returns received from their county chairmen show they have carried the state, but they give no figures as to plurality. The same condition exists as to Marion county. The Republicans claim it by 2,500 and the Democrats by 1,000 to 1,500. Overstreet is probably elected, but the result will be close.
Republicans have probably elected congressmen in the First, Fifth, Sixth, Seventh, Eighth, Tenth, Eleventh and Twelfth districts, and the Democrats in the Second, Third, Fourth and Ninth districts. No returns from the Thirteenth.

The Figures.
Indianapolis, Nov. 9.—Sixty precinct in Indiana give Ralston (Dem.), 4,549; Hunt (Rep.), 6,230. In 1896 Bryan, 4,950; McKinley, 6,555.
Returns from 121 precincts show a Democratic gain of 1,233. At the same ratio throughout the state the Democratic majority will be 14,408.
Indianapolis, Nov. 9.—Two hundred and eighty precincts give Hart, for secretary of state, 27,847; Ralston, 21,521. Same precincts in 1896 gave McKinley, 31,029; Bryan, 24,946; net Republican gain, 243. Robinson, for congress, in the Twelfth district, is elected.
Indianapolis, Nov. 9.—Indications are that the legislature stands: House—Democrats, 61; Republicans, 31; Doubtful, 8. Senate—Democrats, 18; Republicans, 31; Doubtful, 1.
Muncie, Nov. 9.—Congress—Eight district—George W. Cromer (Rep.), elected.
Warsaw, Nov. 9.—Kosciusko county gives for congress Brick, Rep., 4,800; Hathaway, Dem., 3,900. State Republican ticket carries county by slightly smaller majority. Eleven county officers Republican by 900 to 1,000. No Democrats.

Rushville, Nov. 9.—James B. Watson, Rep., is elected to congress.
Bloomington, Nov. 9.—Congressman Miers, Dem., has been re-elected.
Anderson, Nov. 9.—Madison county is very close and returns slow. Democrats claim the county by 300 and concede the state ticket to Republicans. Chairman Wood claims election of county and state Republican tickets by over 300.
Purdleton, Nov. 9.—Three precincts in this township give Hunt, 480; Ralston, 108. Indications are that congressional, legislative and county tickets will show larger Republican pluralities.
Ingalls, Nov. 9.—Two precincts give Hunt (Rep.), 232; Ralston (Dem.), 127. This is a Republican loss of 2.
Fowler, Nov. 9.—Tenth precincts give 778 Republican, 611 Democrats, a Republican gain of 25. E. G. Hall, Rep., is elected representative. The probable majority in the county is 435 for the entire Republican county ticket.

Fort Wayne, Nov. 9.—In Allen county 17 precincts out of 85 give 1,265 Republican, 1,592 Robinson, Dem., for congress, will have about 2,200 majority in this county. Entire Democratic legislative and county ticket elected. Robinson is running about five or six precincts ahead of the county ticket, and is probably elected in the Twelfth district.
Seventeen precincts show Democratic gain of 120. Angiano county, shows Republican gain of 85.
Wabash, Nov. 9.—Morgan returns indicate the election of George W. Steele (Rep.), over George W. Mican (Dem.), by from 4,000 to 4,500.

REVISED ESTIMATES.
Chairman Babcock Thinks the House Will Be Close.
Washington, Nov. 9.—Chairman Babcock was obliged to reduce his estimates this morning, and he sent a telegram to the president exceedingly noncommittal as to the house. He says privately he

has no doubt about there being a majority, but confesses that it will not be as large as early advices indicated. Illinois, Indiana and Ohio did not stand up to early promises, and there were disappointing returns from other localities. Secretary Kerr at Democratic headquarters stoutly persists in his first estimate of 11 majority in the house. His figures elect Lantz and Brenner, in Ohio, and five Democrats in Indiana. Details from west of the Mississippi are woefully lacking at both headquarters. The Democrats hold that if the Republicans do not get big help from there they are gone.

GENERAL RESULT

How Voters of Various States Cast Their Ballots.

NEW YORK.
New York, Nov. 9.—Theodore Roosevelt, Republican, late colonel of the First United States volunteer cavalry, has been elected governor of this state by a plurality anywhere from 18,000 to 20,000. All Colonel Roosevelt's associates on the Republican state ticket are probably elected with him. The returns both from Greater New York and from the counties outside of this municipality are incomplete, but enough have been received to indicate a heavy falling off in the vote up the state, while that in the city was sustained. The consequence is a falling off in the Republican plurality in the state from 212,000 to the approximated figures given above. Outside of Greater New York the vote for Van Wyck is only about one-fifth of 1 per cent above that of Porter in 1896. There appears to be a loss of four Republican congressmen in the Brooklyn districts—the Second, Fourth, Fifth and Sixth—and Congressman Quigg, who had a majority of about 9,000 at the election last year, has been defeated by William Astor Chandler. In the Albany district, the Twentieth, Glynn, Dem., has been elected to succeed Southwick, Rep.

One thousand, three hundred and forty districts out of 3,222 election districts outside of Greater New York give Roosevelt, 191,960; Van Wyck, 146,003.
Two thousand and sixty-eight districts out of 3,222 election districts outside of Greater New York give Roosevelt 296,430; Van Wyck, 223,990. Same election districts in 1896 gave Black, 345,206; Porter, 217,984; Griffin, 7,555.
Rochester, Nov. 9.—Complete returns give Roosevelt, 14,129; Van Wyck, 13,709; plurality for Roosevelt, 420. McKinley's plurality in 1896, 420. Black, 4,196; Wallace, in 1897, 1,067.
New York.—Two thousand one hundred and ninety-four districts out of 2,222 election districts outside of Greater New York give Roosevelt, 313,996; Van Wyck, 238,154. Same districts in 1896 gave Black, 365,700; Porter, 231,477; Griffin, 8,072.

The election of Captain William Astor Chandler, Democratic nominee for the Fourteenth congressional district, is conceded by the Quigg managers. Quigg's majority two years ago was nearly 12,000.
The state senate will probably stand 27 Republicans and 23 Democrats. The last senate contained 35 Republicans, 14 Democrats and 1 Independent.
Two thousand, eight hundred and eighty-nine districts out of 3,222 election districts outside of Greater New York give Roosevelt, 407,456; Van Wyck, 316,368. Same election districts in 1896 gave Black, 472,331; Porter, 305,927.
Enough returns from assembly districts have been received to show the probable election of 80 Republicans and 71 Democrats with nine districts doubtful or not heard from. Conceding all the latter to be Democrats, the Republicans will still have a majority of 10 in the assembly and 14 on joint ballot. This computation, if borne out by official returns, will mean the election of a Republican to the United States senate in place of Edward Murphy, Jr., (Dem.).

Greater New York.
New York, Nov. 9.—One thousand and twenty-four election districts out of 1,513 in Greater New York give Roosevelt, 141,236; Van Wyck, 186,530.
The borough of Brooklyn complete gives Roosevelt, 82,299; Van Wyck, 99,085.
One thousand, four hundred and eighty election districts out of 1,513 in Greater New York give Roosevelt, 202,354; Van Wyck, 281,091.
Greater New York with 72 out of 1,513 districts missing, gives Van Wyck (Dem.), 277,143; Roosevelt (Rep.), 209,574. Van Wyck's majority, 76,569.

MINNESOTA.
St. Paul, Nov. 9.—The Minnesota vote will be compared with the vote for governor two years ago, when comparisons are possible, at which time Clough (Rep.) had a plurality of 3,553. The first precinct to report was the City of Tower, which gives Eastus (Rep.) for governor, 100; Lind (Dem.) 99. This precinct two years ago gave Clough, 236; Lind, 83. There are 1,865 precincts in the state outside of the Twin Cities.
St. Paul, Nov. 9.—Thirteen precincts out of 1,865, outside of St. Paul and Minneapolis, give Eastus (Rep.), 778; Lind (Fusion), 739. Same precincts two years ago gave Clough (Rep.), 1,245; Lind (Fusion), 976.
Twenty-two precincts out of 114 unofficially reported in the city of St. Paul give Eastus (Rep.), 2,212; Lind (Fusion), 2,489. Two years ago Clough (Rep.), carried the county by 2,492 plurality. Twenty-nine precincts outside of the Twin Cities give Eastus (Rep.), 2,178; Lind (Fusion), 1,567.

St. Paul, Nov. 9.—Both parties were claiming the result on state ticket. On legislature the Democrats have along conceded the victory to be Republicans. Returns on congressmen are insufficient to decide anything, although it is probable the Republicans have at least four of the delegates, probably more. Apparently the result will be decided by the country as the two cities are about a stand off.

MASSACHUSETTS.
Boston, Nov. 9.—While Governor Wolcott was re-elected governor of Massachusetts by an increased plurality over last year the Democrats made surprising gains in nearly every congressional district, and not only succeeded in increasing its representation from one to three, but defeated Joseph N. Walker of Worcester, supposed to have been one of the strongest candidates in the whole state. The election of John R. Thayer in Walker's district, the Third, was as much a surprise to the Democrats as to the Republicans and was the sensation of the whole campaign.

Boston, Nov. 9.—After a canvass without state issues and confined almost entirely to four congressional districts and a few local districts, the Republicans have again carried Massachusetts and elected Roger Wolcott governor for the fourth time, as well as the entire state ticket by a safe majority.
Governor Wolcott's plurality over A. L. Bruce, his Democratic opponent, will be about 70,000, or 15,000 less than his lead last year. The vote this year was much heavier than in 1897, and Bruce made substantial gains over George Fred Williams, the Democratic candidate last year.
Boston, Nov. 9.—Returns from 25 cities and towns in Massachusetts, outside of Boston give Bruce (Dem.), 1,550; Wolcott (Rep.), 4,416. Same towns in 1896 gave Williams (Dem.), 905; Wolcott (Rep.), 6,848. Governor Wolcott undoubtedly is elected by a reduced majority, while the Republicans also have elected at least 10 of the 13 congressmen. The legislature will show about the usual Republican majority in both branches.

Boston, Nov. 9.—Returns from 127 Massachusetts cities and towns outside of Boston give Bruce (Dem.), 14,301; Wolcott (Rep.), 33,181. Same towns in 1896 gave Williams (Dem.), 14,160; Wolcott (Rep.), 44,731.
MICHIGAN.
Detroit, Nov. 9.—Governor Pingree runs ahead of his ticket in Detroit, but to a much lesser extent than formerly. He has a good majority in this county. Republicans have probably elected the majority of the members of the legislature from this city. For congressman, Corliss (Rep.) seems to show a small majority over Pound (Dem.).

Scattering returns and estimates from the state at 9 o'clock seem to indicate Governor Pingree's re-election by 40,000 and upward. The governor's Republican losses seem to be offset by gains in floating and fusion votes.
Ninety-three out of 1,840 precincts in the state give Pingree (Rep.), for governor, 11,702; Whiting (Dem.), 8,641.
Detroit, Nov. 9.—Governor Pingree held his own tolerably well in yesterday's elections. The Republican state central committee claims his election by from 50,000 to 60,000 majority, but the Democratic state central committee does not yet concede defeat. Legislature will have a representative majority.
Daniel J. Campan, chairman of the Democratic state committee, concedes the re-election of Governor Pingree by a plurality of perhaps 50,000. The Democratic committee is much perplexed to account as to where the big Pingree vote came from, since it is known that he was heavily out by leaders of his own party, and that in several localities where he met this sort of opposition he ran particularly well. Chairman Campan declined to make a formal statement on the results until the causes become more evident.

NEW JERSEY.
Newark, Nov. 9.—Chairman Murphy of the Republican state committee late last night said: "We have carried the state for Voorhees by 11,000. We have elected a majority of the assembly and will elect John Keon United States senator." At the Democratic headquarters at the same hour it was said they would await further returns before making any predictions.
Jersey City, Nov. 9.—The returns coming in indicate that the Democrats will carry Jersey City by about 2,500 and the county of Hudson by between 5,000 and 6,000.
No Republicans will be elected to any position in the county or city. The Democrats have made a clean sweep. Crane will have very nearly, if not more, than 6,000 in the county. William D. Daly is elected to congress by probably 4,500. Allan L. McDermott is elected state senator by nearly as much.

KENTUCKY.
Louisville, Nov. 9.—The Democrats have carried nine, and possibly 10, out of the 11 congressional districts in the state, a gain of two, or perhaps three, over their last delegation. The Republicans carried only one district—the Eleventh—solidly. In the Ninth district the race between Pugh, Rep., and Williams, Dem., is very close, both sides claiming it.
Louisville, Nov. 9.—Congress, First district, Charles K. Wheeler (Dem.); Third district, John S. Shea (Dem.); Fourth district, David H. Smith (Dem.); Tenth district, T. Y. Fitzpatrick (Dem.); Eleventh district, Vincent Boering (Rep.), elected.

NEW HAMPSHIRE.
Concord, Nov. 9.—Thirty-five towns and wards in the state give Rollins (Rep.), for governor, 4,084; Stone (Dem.), 3,001. The same towns and wards in 1896 gave Ransdell (Rep.), 4,300; Kent (Dem.), 2,513.
It is estimated that Rollins' majority in the state will exceed 10,000. The Republicans claim the election of Sulloway (Rep.), in the First district over Knowlton (Dem.), by 2,000. The result is doubtful, however. In the Second district also the early figures do not show positive results.

ILLINOIS.
Chicago, Nov. 9.—The indications are that the Republicans elected their entire state ticket. The Democrats in many counties have shown gains over the vote of 1896 and they have apparently secured several congressmen in Cook county and some outside of it.
Congressmen known to be elected are: Tenth district, George W. Prince, (Rep.); Ninth, R. R. Hitt, (Rep.); Eleventh, Walter Reeves, (Rep.); Thirteenth, Vespasia Warner, (Rep.); Fifteenth, Joseph O. A. Roy, (Dem.); Eighteenth, Thomas M. Jett, (Dem.); Nineteenth, Joseph B. Crowley, (Dem.); Sixteenth, William E. Williams, (Dem.); Twentieth, James R. Williams, (Dem.); Twenty-first, Fred J. Kerd, (Dem.).
Chicago, Nov. 9.—Ninety precincts in Illinois outside Cook county, White more, 11,075; Dunlap, 9,299. Same in 1896, McKinley, 16,827; Bryan, 18,565.
Fifty precincts in Illinois, outside of Cook county, Whittemore, 5,643; Dunlap, 4,247. Same precincts 1896, McKinley, 9,515; Bryan, 7,228.
Chicago, Nov. 9.—Nine hundred and twenty precincts give Whittemore (Rep.), 107,877; Dunlap (Dem.), 111,810.
For treasurer 160 precincts in Illinois, outside Cook county, give Whittemore, 19,603; Dunlap, 15,450.
One thousand and twenty precincts out of 1,109 give Whittemore 130,149 and Dunlap 124,135. The Democrats have apparently carried Chicago for the head of their state ticket by between 4,000 and 5,000 plurality.

CONNECTICUT.
New Haven, Nov. 9.—The result of the election in this state yesterday was a general victory for the Republican ticket.
Complete returns from 165 town of the 168 in the state give Lounsbury (Rep.), 75,057; Morgan (Dem.), 58,406. The same towns in 1896 gave Cooks (Rep.), 100,999; Sargent (Dem.), 51,396.
The majorities of the candidates on state ticket will average fully 15,000. Returns indicate Republicans will have a majority of 50 in the legislature.
New Haven, Nov. 9.—The Republican state ticket is elected, three Republican congressmen and probably four. Full returns from 80 towns give Lounsbury (Rep.), 4,381; Morgan (Dem.), 2,598. The same towns in 1896 gave Cooke (Rep.), 5,076; Sargent (Dem.), 1,818. The Republicans claim the state by 15,000 plurality. The legislature is Republican by a considerable majority.
New Haven, Nov. 9.—Ninety towns in Connecticut give Lounsbury (Rep.), 17,213; Morgan (Dem.), 10,482. The same towns in 1896 gave Cooke (Rep.), 21,928; Sargent (Dem.), 8,359.

IOWA.
Des Moines, Nov. 9.—The Democratic state central committee has given out the following statement:
We concede the state to the Republicans by 25,000. We have elected Weaver in the Sixth district by 1,000 to 1,200. There are insufficient reports in from the other districts on which to base a statement.
FRED TOWNSEND, Chairman.

A statement from the Republican state central committee reads: "The Republicans have carried the state by more than 50,000."
Des Moines, Nov. 9.—C. T. Hancock, chairman Iowa Republican state central committee, says we expect to carry the state by about 50,000 and elect the entire congressional delegation. Fifty precincts in Iowa give Dobson (Rep.), 6,699; Porter (Dem.), 3,937. In 1896 McKinley, 7,133; Bryan, 5,088.
Des Moines, Nov. 9.—Ten precincts in Iowa give Dobson (Rep.) secretary of state, 1,190; Porter (Dem.), 997. Same precincts in 1896 gave McKinley, 1,345; Bryan, 839.

MISSOURI.
Kansas City, Nov. 9.—The city has been carried by the Republicans by majorities estimated at from 1,900 to 1,800.
St. Louis, Nov. 9.—Returns on the state ticket from the city and state are coming in very slowly and at a late hour not enough figures had been received from scattering precincts to indicate the result in even one county.
Chairman Sam B. Cook, Democratic state committee, is confident that the state ticket will receive about [the same majority as in 1896, that the party will hold all the congressional districts carried two years ago and possibly carry one of the three St. Louis districts which elected Republican congressmen.

While there are no returns at Republican headquarters to warrant the assertion, National Committeeman Richard Kerens is very confident that the Republicans will carry, or come nearer carrying, Missouri than ever before.
TENNESSEE.
Memphis, Nov. 9.—Vote in the city of Memphis in two wards is estimated: McMillin (Dem.), governor, 1,835; Fowler (Rep.), 1,040; J. W. Caines, (Dem.), Sixth district; James D. Richardson (Dem.), Fifth district; N. N. Cox (Dem.), Seventh district, are re-elected to congress. Gibson (Rep.), is elected in the Second district.
Nashville and Davidson county: McMillin's majority, 3,200. Democratic executive committee claims 25,000 for McMillin. The Republican committee concedes McMillin's election by 10,000 majority. Legislature shows Democratic gains. Congressmen: Eight Democrats, two Republicans. Vote throughout state light.

SOUTH CAROLINA.
Wilmington, Nov. 9.—Returns are all coming the Democratic way. Majority of Bellamy (Dem.), for congress, this district, may reach 3,000, which would be Democratic gain of 8,000. Democratic majority for state ticket will be large and probably six Democratic congressmen elected. Both houses legislature will be strongly Democratic.
The Democrats elect the following congressmen: First district, William Elliott; Second, W. J. Talbert; Third, A. C. Latimer; Fourth, Stanyarne Wilson; Fifth, D. E. Fenley; Sixth, James Norton; Seventh, J. W. Stokes. The Democratic state ticket was elected without opposition. Vote very light.
CALIFORNIA.
San Francisco, Nov. 9.—Returns from scattering precincts in Stanislaus and Monterey counties indicate that Gage (Rep.), for governor, is polling a larger proportion vote than was cast for McKinley. This city so far as counted gives Gage, 2,178; Maguire, 1,806.
Gage (Rep.), has been elected governor by a plurality of not less than 5,000. Republican state central committee claims all seven congressmen and also the legislature, but it is probable that the Democrats will secure congressmen from the Second and Fourth districts.

NORTH CAROLINA.
Raleigh, Nov. 9.—Returns indicate the Democrats have carried First, Third, Fifth, Sixth, Seventh and Ninth congressional districts. Linney is re-elected in the Ninth. Atwater (Pop.) endorsed by Democrats, is probably elected in the Fourth. In the Second it is uncertain whether Fountain (Pop.), supported by Democrats, or white and colored Republicans, is elected. It looks like Fountain has won. Legislature is Democratic in both branches by two-thirds majority. Democratic judicial ticket elected by 20,000.

MARYLAND.
Baltimore, Nov. 9.—Full and semi-official returns from the city of Baltimore and partial returns from the balance of the state make it reasonably certain that Maryland has returned four Republican and two Democratic congressmen, after an extraordinary close but entirely listless election. This is a Democratic gain of two. The Democrats succeeded in obtaining a majority of the popular vote in Baltimore city for the first time in six years. The entire congressional delegation is looked upon as favoring the gold standard.

DELAWARE.
Wilmington, Nov. 9.—Partial returns received from the state indicate that the Republicans have elected their state, congressional and legislative tickets.
This estimate, if verified by the full returns, indicate the election of a Republican successor to United States Senator Gray and a gain of one Republican congressman.
The adherents of William H. Addicks claim that he will control a majority of the Republicans elected to the legislature, and he will be the next senator from Delaware.

RHODE ISLAND.
Providence, Nov. 9.—In the First congressional district Capron (Rep.), will have about 3,500 plurality. In 1896 his plurality was 8,836.
In the Second congressional district, Bull (Rep.), will have about 4,200 plurality. In 1896 he had 8,524.
Baker (Dem.), for mayor of Providence, will have a plurality of 3,000. Last year he had 1,900 plurality.
Democrats elect mayors in Woonsocket and Pawtucket.

SOUTH DAKOTA.
Sioux Falls, Nov. 9.—Sixty-eight precincts in the state show gain for Phillips (Rep.) of 364. If this rate is maintained he will carry the state. Gamble (Rep.) for congress, is running slightly ahead of governor.

NORTH DAKOTA.
Fargo, N. D., Nov. 9.—Returns from the state are coming slowly. Indications are that Fargo has gone Republican. The legislature will probably be Republican on joint ballot.

LOUISIANA.
New Orleans, Nov. 9.—The Democrats in Louisiana made a clean sweep, electing six congressmen, three railroad commissioners and three judges in the Parish of Orleans. Congressmen elected: First district, Adolph Meyer; Second, Robert C. Davey; Third, Robert F. Broussard; Fourth, Phanor Breazeale; Fifth, Samuel T. Baird; Sixth, Samuel M. Robertson.

Take Laxative Bromo Quinine Tablets. A. C. druggists refund the money if it fails to cure. 25c. The genuine has L. B. Q. T. each tablet.

PENNSYLVANIA.
Philadelphia, Nov. 9.—Because of the large ticket and extensive cutting by independent voters, the returns from Philadelphia and Pennsylvania are slower than usual. Enough is known, however, to indicate that William A. Stone (Rep.) is elected governor by a large plurality. The vote of Dr. Swallow in the state will probably be under that of last year when he received 118,969 for state treasurer. Philadelphia is the Swallow stronghold, however, and a large vote here may increase his total beyond last year's figures. The vote on the legislative ticket in the counties where the Republican opponents of Senator Quay have fused with the Democrats is very close.

Philadelphia, Nov. 9.—Legislative returns from the state thus far received show Democratic and fusionist net gains of 13 in the assembly. Districts not yet heard from will probably elect 10 or 15 Democrats to seats now held by Republicans. The Quay leaders claim that a majority of the Republicans elected will favor the re-election of the senator.
Pittsburg, Nov. 9.—Returns too meager to estimate votes cast for each candidate. Senator Magee says Stone (Rep.) will have a plurality over Jenks (Dem.) in Allegheny county of about 18,000.

OHIO.
Canton, Nov. 9.—Twenty-six precincts in Canton and Stark county show a net Republican gain of 219 over last year. The same ratios maintained would give the Republicans the county by 1,800. McKinley in 1896 carried the county by 850.
Cleveland, Nov. 9.—Returns indicate that Kinney (Rep.) for secretary of state, has carried this city by 7,000 and the county (Cuyahoga) by 10,000. This is a gain of 5,000 over the Republican plurality of one year ago.
Republican state committee has a dispatch from George B. Cox of Cincinnati that Hamilton county gives a Republican plurality of 14,500. As the county gave Bushnell a plurality of 1,500 last year, this is a Republican gain of 13,000 in one county.

Cincinnati, Nov. 9.—Official returns complete of Hamilton county: Total vote, 73,276; Secretary of State Kinney (Rep.), 42,910; Guthrie (Dem.), 29,366; Kinney's majority, 13,544. Congress, First district, Shattuck (Rep.), 20,132; Follett (Dem.), 14,087; Shattuck's majority, 6,045; Second district, Bromwell (Rep.), 22,373; Swain (Dem.), 15,961; Bromwell's majority, 6,412.

WEST VIRGINIA.
Wheeling, Nov. 9.—In this county 28 precincts out of 90 give for congress: Dovenor (Rep.), 2,713 and Blair (Dem.), 2,070. At the same ratio Dovenor will have over 1,000 majority in the county. The entire Republican legislative ticket goes through.
Charleston, Nov. 9.—Eleven precincts in the city of Charleston gives Johnson (Dem.), for congress, 179 majority. Same precincts in 1896 gave Republican majority of 191. Johnson is probably elected.

FLORIDA.
Jacksonville, Nov. 9.—The vote, judging from the returns now in, is from 10 to 20 per cent. lighter for both parties than in 1897. The whole Democratic ticket is elected. The Republicans and Populists will not elect altogether over five members of the legislature, if that many. The legislature elected will choose a successor to Senator Samuel Pasco.

NEBRASKA.
Lincoln, Nov. 9.—Twenty-four precincts outside of Lincoln and Omaha give Hayward (Rep.), for governor, 2,070; Poynter (Fusion), 2,266, a net Republican gain of 322.
One hundred and thirty-two precincts outside of Lincoln and Omaha show a net Republican gain of 2,132. Lincoln and Lancaster counties show a Republican gain, estimated, of 600.

IDAHO.
Boise, Nov. 9.—There are no returns to indicate what the result will be. The count will be very slow and little will be known before to-night. There are 354 voting precincts in the state. Owing to the women vote and complete reorganization of the silver parties, there is nothing with which to compare.

MISSISSIPPI.
Jackson, Nov. 9.—Mississippi congressmen elected: First district, John M. Allen (Dem.); Second district, Thomas Spight (Dem.); Third district, Thomas C. Jatchings (Dem.); Fourth district, Andrew F. Fox (Dem.); Fifth district, John S. Williams (Dem.); Seventh district, Patrick Henry (Dem.)

COLORADO.
Denver, Nov. 9.—Returns from a few of the 1,208 precincts in this state indicate that Thomas (Fusion) is elected over Wolcott by 29,000 to 40,000. Thomas seems to have carried this county by 8,000.
ALABAMA.
Birmingham, Nov. 9.—A solid Democratic congressional delegation was elected from Alabama. General Joseph Wheeler was unanimously re-elected in the Eighth, not a vote being cast against him.
NEVADA.
Reno, Nov. 9.—Indications point to the election of McMillin, Rep., for governor. Newlands, Silver, for congress, Flannigan, Rep., senate and at least two out of the four assemblymen from this district.
MONTANA.
Helena, Nov. 9.—Late returns make sure the election of A. J. Campbell (Dem.), to congress by a plurality of several thousand. Legislature will be Democratic.

TEXAS.
Fort Worth, Nov. 9.—Sayors carries the city by about 2,100 plurality. Estimate he will carry the state by 860,000.

MARIA TERESA.
Captain Crowninshield Believes She Is Ashore on Cat Island.
Washington, Nov. 9.—A message received at the navy department yesterday from Captain Crowninshield, chief of the navigation bureau, who is in New York, called attention to the report that the Spanish cruiser Maria Teresa had been seen off Cat Island. The captain expressed his belief in the accuracy of the report and suggested to the department that the repair ship Vulcan, now at Norfolk, be sent at once to make search for the derelict. The department acted at once upon the suggestion.

Cat Island lies about 30 miles southwest of the spot where the Teresa was last seen, and it is said at the department that if the vessel did not founder outright within a very few hours after having been cut adrift, she almost certainly fetched up on the shoal beach off Cat Island, for the wind and tide set directly on the beach of that island.
If so the location is much more favorable for saving the ship than the position occupied by her off Santiago, where the bottom was covered by rocks and the wreckers worked at great disadvantage.

It is the belief of naval constructors that the Teresa took water aboard almost altogether through the decks, and not through the hull. These decks were rude, temporary constructions and were entirely unsuitable for rough weather. The fact that the reports fail to indicate that the ship sank by the head and that the water ran into the coalbunkers and thence into the fire rooms goes to bear out the constructors' story.
It is presumed that the wrecking company which had the vessel in hand will take immediate steps to recover the ship, if possible, in order to secure the large salvage which was almost within its grasp when the ship was cast off.

SYRUP OF FIGS
NEVER IMITATED QUALITY!
THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe or nauseate. In order to get its beneficial effects, please remember the name of the Company—
CALIFORNIA FIG SYRUP CO.

NEW YORK, N.Y.

"Save the women and children first!" is the instinctive cry of every brave man in a moment of peril, but in the every day concerns of life men who are ordinarily brave and kind forget the perils of trouble and disease that overhang their families. A man engrossed with his own affairs seldom realizes how hard his wife is working and that perhaps she is breaking down under the strain and becoming weak and sickly, incapable of doing the family work or of looking after the children.

It is just as much a man's duty to look after the health of his family from day to day as it would be to give them the first thought in a moment of shipwreck or peril.

It does not cost anything more than a few minutes of time to write to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who will give the best professional advice free of charge with suggestions for inexpensive home-treatment whereby any of the family who are weak and ill may be put on their feet again well and strong and hearty.

For thirty years Dr. Pierce has successfully treated many of the most obstinate and apparently hopeless cases of severe chronic disease. His medicines are known throughout the whole world for their astonishing efficacy. His "Golden Medical Discovery" is the most perfect remedy for all weak and debilitated conditions of the system. It gives power to the digestive organism to transmute the food into muscular flesh and active energy. His "Favorite Prescription" is the most successful medicine ever devised for the delicate ailments peculiar to women.

His "Pleasant Pellets" are the best mild and natural laxative for constipation.

Mrs. Thomas J. Clark's Death.

Mrs. Tillie Patrick Clark, wife of City Treasurer Thomas J. Clark, died at 9:25 p. m. Tuesday Nov. 8, of typhoid fever after an illness of nine days. Mrs. Clark was born in Starke county, Indiana, April 15, 1863. She was married to Thomas J. Clark Sept. 19, 1889, and has resided in Seymour since that time. She had been a devout member of the Methodist church since childhood. She bore up under her affliction without a murmur. In her death Seymour has lost a valuable lady, and one whose death is deeply deplored. She leaves two small children, Katherine and Hazel. A husband, father, mother, four brothers and four sisters survive.

The funeral services at 2 o'clock Friday afternoon from the residence by Rev J. M. Baxter.

THE PEOPLE WIN. REPUBLICANS WIN

ALL THE CITIZENS' TICKET SURELY ELECTED.

The Returns Already in Show That the Brownstown Ringsters Have Been Routed.

The unofficial returns from yesterday's election show a decided victory for the people. Every man on the citizens' ticket has surely been elected by majorities ranging from 40 to 750.

The vote cast was not as large as was anticipated; but proportionally larger than counties surrounding.

The count last night proceeded rather slowly and the people anxiously waited the result, but some of the boards did not get through counting until morning.

The vote shows that the people are not satisfied with the arrogant methods of the ring in county affairs. They voted for a change and acted wisely in doing so. A majority of more than 700 against John Burrell shows that the taxpayers of Jackson county think of his administration as commission.

Seymour and Jackson township did well, much to the disappointment of the ring. Every township in the county contained many friends of the citizen's ticket who voted and worked for its success.

On the state ticket the democrats will get about their usual majority in the county. It will probably be from 900 to 1,000. Griffith may run ahead of the state ticket some.

Tomorrow the vote will be canvassed at Brownstown and the official vote will then be known.

HONEYTOWN

Mrs. S. C. Love, of Seymour, visited in the family of R. D. Hays over Sunday.

J. Benjamin Robertson, who has been at school at Bloomington, came home to vote.

Lum Robertson is about 4 inches taller than he was last week on account of a boy baby.

Taylor Wright got his left arm badly hurt by a horse squeezing him up against the stable.

D. H. Richards has received from New York a fine compound microscope that magnifies several hundred times.

General Superintendent J. W. Thompson, of the Southern Indiana, donated enough nice rock to make a walk around the new church.

Miss Della Manion has left the family of Dan Walker and has gone to the home of her father, John Manion, near Shieldstown.

Yes, yes, Mack, we have all heard the little story you relate in the Banner concerning the moon and the two little dogs, and we are ready to admit your comparison. You are the moon, or the man in it. We can tell you by your whiskers. You are a star of the first magnitude; the center of a new constellation, and you are in the ascendant. You have discovered yourself to the people of this little planet and all other lights pale before you. Whether you are a meteor, a comet, or a shooting star remains to be seen; but we are inclined to believe you are the latter.

The atmosphere here is foreign to you and the friction produced by coming in contact with it only hastens your reduction to a dead cinder.

It is impossible, however, for you to shine by your own light. You must receive your illumination from the source of all light, the Ring at Brownstown. Therefore you shine by reflected light, and consequently are a satellite. Do you know what the term means? It means you are made a tool of. In our common parlance it is a "cat's paw," with which the Ring expect to get their chestnuts pulled out of the fire.

Beware, my unthinking friend, lest you get your whiskers scorched in the operation. Don't try to fight Providence, Mack. Like the buffalo on the railroad track, your courage we never question, but in judgment you've surely a lack.

Indiana State Ticket Elected By More than 15,000.

Special to REPUBLICAN.

Indianapolis, Ind., Nov. 9, (3 p. m.) Latest reports indicate a republican majority in Indiana for the State ticket ranging from 15,000 to 20,000.

Entire republican ticket elected in Marion county by safe majorities.

Latest New York returns show election of Roosevelt by a plurality of 18,000 over Van Wyck.

Indications are that republicans may lose control of congress. Conservative estimate gives membership in next house of congress as follows:

Republicans, 177. Democrats 164, populists, 10, silver republicans 3, doubtful 3. Necessary for majority 179.

EMPEROR WILLIAM.

Views Turkish Troops and Expresses Gratification at His Welcome.

Damascus, Nov. 9.—The visit of Emperor William and the Empress Augusta Victoria to Damascus has proved most successful and interesting. Their majesties have visited the principal sights. Yesterday afternoon Emperor William reviewed 6,000 men of the Turkish garrison, the review ending with a picturesque fantasia by Bedouins mounted on horses and camels, who executed wild evolutions.

Last evening a grand banquet was given in the emperor's honor. The city was brilliantly illuminated and the streets and squares were filled with enthusiastic crowds.

Emperor William has telegraphed to the sultan an expression of his great gratification at the cordiality of the welcome.

It's Bliss For Her.

Mrs. Wicklins—You and your husband and Mr. and Mrs. Caddisley seem to be very good friends.

Mrs. Dimpleton—Yes. You see, Mr. Caddisley and I used to be engaged.

Mrs. Wicklins—But I don't understand why that fact should make you enjoy each other's society now.

Mrs. Dimpleton—Well, of course, I can't speak for him, but he married a woman who is at least five years older than I am and not half as good looking, if I do say it myself. You don't know what a comfortable feeling takes possession of me when we are together and I see him glancing first in her direction and then in mine.—Cleveland Leader.

WOOD IS PERPLEXED

Question of Water Supply at
Santiago Is Bothering
the General.

MATAMORA BREAKS LOOSE

Ex-Bandit and Insurgent Colonel Is
Again Robbing Plantations of Stock
and Holding People Up—Everybody
Must Be Vaccinated, Is the Latest
Order.

Santiago, Nov. 9.—The main question now before General Leonard Wood, governor of the military department of Santiago, is not political. It is the question of water, which is a serious problem. The rainy season is almost over and usually, after a month or so of dry weather, water has to be brought from the mountains and sold in the streets. General Wood is anxious to avoid a repetition of such conditions, and has engaged the services of three expert engineers to report as the best method of supplying the city with water, whether with artesian wells or otherwise.

Matamora, a colonel in the insurgent army and formerly a bandit, objecting to the humdrum ways of peace, recently took to the hills with 20 men and is now carrying on his old vocation—robbing plantations and farms of cattle and horses, holding people up and setting in every way a bad example.

General Wood is determined to suppress Matamora, and a part of the gendarmerie is now ready, uniformed and drilled, well mounted and armed to do the work. Twenty men, under command of a lieutenant, has left for the locality in which Matamora and his companions are operating, with orders to bring them all in, dead or alive.

The general opinion here is that if Matamora is not suppressed he will soon have between 100 and 200 recruits, but now that the purpose of the authorities is known it is expected that many will join him.

The Americans here are greatly annoyed and the Spaniards deeply grieved at the failure thus far of the special Spanish commission, headed by General Don Luis Valderama, to recover the remains of General Vera del Rey, the Cuban having apparently buried the ground where the body was buried for the express purpose of preventing its recovery. Another effort will be made.

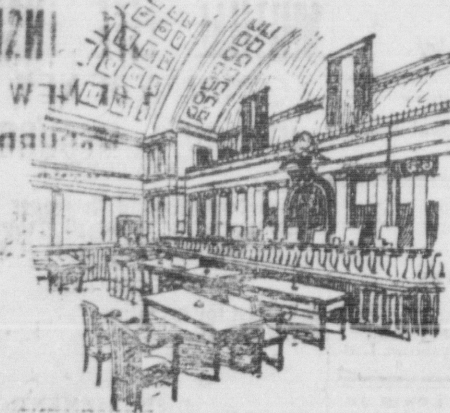

The Reina de Los Angeles left last evening for Gibera. In addition to the staff of physicians and nurses first selected, she carried two contract surgeons, one of whom was formerly on the staff of General Calixto Garcia.

General Wood's orders to the surgeons were to vaccinate everybody at Gibera and Holguin.

CAPITOL WRECK

Workmen Rapidly Repairing Damage Done by the Fire.

Washington, Nov. 9.—The work of clearing the capitol of the wreckage of Sunday's fire is carried forward rapidly by a large force of workmen. The heavy stone arch under the floor of the United States supreme court has been settling rapidly for the last few days, and it is now decided to tear it out.

SUPREME COURTROOM.
[Damaged by the Explosion.]
and rebuild this section of the masonry. It is a difficult operation, however, as the room above is loaded with the valuable old records and files of the supreme court, which may be dumped into an inextricable confusion if the sustaining arch is removed. Bothrooms will be used to draw the files from the room, as if it is considered dangerous to enter the room, and the rebuilding of the arch will then proceed.

Assistant Architect Wood has made a careful examination, confirming his first view that the main foundations of the capitol are uninjured.

CONSUL GRINNELL

First to Formally Annex Cuba and the Philippines.

Washington, Nov. 9.—Consul Grinnell is the first official to formally annex the Philippines and Cuba to the United States. He has made a report to the state department of a purely formal character, showing the character and value of reports from his district "to the United States (including Manila, Porto Rico and Cuba) during the month of September, 1898." The consul's statement shows that the value of the goods so exported from one district was \$706,325, against \$352,635 for a corresponding month in the preceding year. The consul says that those increases were mainly in white and printed cotton goods, all of which could be made in the United States.

Miraculous Benefit RECEIVED FROM Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co. of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as a result of army life, from cataplexy which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life. It is a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

THE INDIANA'S

Souvenir of the Naval Engagement Off Santiago.

Brooklyn, Nov. 9.—The battleship Indiana disclosed a very interesting relic of her experience in helping demolish Admiral Cervera's fleet off Santiago when her hull was exposed to view in the drydock at the navyyard the other day. This was a great dent in her forward starboard bow, almost beneath the bridge. Its history is this:

In the thick of the fight, when shot and shell were churning up the water and whizzing through the air all about the ship, and she was replying in repeated broadsides from every gun that could be brought to bear, there suddenly came through the roar a swiftly increasing, superhuman who-o-o-ish and harsh scream that seemed headed for the commander and his aids on the bridge.

"It made us all flinch," remarked an officer who was there, dropping his shoulder and cowering his knees. "Then followed an immeasurable roar—a shock, a booming, blinding explosion, and a prodigious fountain of water burst up besides the bow and deluged the forward deck, while the ponderous ship, tearing its way through the water with gigantic weight and momentum, seemed to stop suddenly and was jarred from stem to stern as if she had run against a stone wall."

"Captain Taylor instantly ordered men into the forward hold, feeling sure that a bigger projectile than the navy had ever dreamed of had pierced—perhaps crashed in—the side of his magnificent vessel. They hurried below with lanterns. Everything was tight and dry, and the ship kept rushing on, and the guns maintained their terrific cannonade."

"What had happened?"
"We were never quite sure till we could examine her bottom here in the drydock. Then we found an elongated, trough-like dent, perhaps two inches deep, in the plates of the starboard bow, about four feet below the water line, and we became sure of what we had previously suspected—that a great shell, falling at the end of a curved trajectory, had struck, glanced and burst. The impact was tremendous—the escape simply marvelous."

"Supposing your ship had been 100 feet to the right of her actual position at that moment—what then?"
"God knows! Some subalternant would have brought the Indiana back to New York—if he had had anything left to bring back!"

HAVANA NEWS

Havana, Nov. 9.—Streetcleaning in this city has been undertaken on new lines by Acting Mayor Angulo. The principal feature is using the fire department as a streetcleaning brigade. The main streets of the city are to be flooded by hose attached to the hydrants at the street corners, and they are then to be cleaned down by the firemen.

Colonel Williams, the chief quartermaster and steward, and the typewriter attached to the United States commissioners, are very seriously ill.

The president of the Spanish Red Cross society has cabled to the local president of the Red Cross society in Cuba directing the society here to continue in active organization until the last Spanish soldier has left the island and after which the Red Cross society of Cuba is to be dissolved and the surplus funds are to be remitted to Spain.

The so-called Cuban government has appointed commissions to inspect the Cuban troops and report upon the exact number of men in each army corps, with the view of drawing up an exact statement upon which to discuss the problem of paying off the soldiers.

WHITES AND BLACKS

Serious Trouble Arises In
South Carolina Over
the Election.

MANY MORTALLY WOUNDED

An Election Judge Shot by a Negro
and Then the Trouble Began, In
Which Several Negroes Were Shot.
White Men Fired on From Ambush
Last Night.

Charleston, Nov. 9.—A special from Greenwood, S. C., says: Intense excitement prevailed here all day because of the shooting of Boaz Ethridge, one of the election judges at Phoenix, and a subsequent riot between the whites and blacks at that place, in which T. P. Tolbert and several negroes were mortally wounded. The negroes had a separate box, in charge of Tolbert, in which those who could not vote in the regular boxes could deposit certificates that they were not allowed to vote for R. B. Tolbert for congress, which certificates he expected to use in his contest for Latimer's seat.

Mr. Ethridge attempted to take charge of the box and was shot dead by one of the negroes who was crowding around it. Immediately the few white men who could procure arms, or had them, opened fire on the crowd. The whites, several hundred strong, were well armed and determined, and if the leaders in the trouble are caught no power on earth can save them from a lynching.

Everything is quiet at Phoenix with the whites masters of the situation, but the negroes are supposed to be congregating about two miles distant and no one can conjecture what will happen.

Late last evening John R. Tolbert was dangerously wounded and his little nephew, son of E. L. Tolbert, who was in the buggy with him, was instantly killed while on their way home.

While a party of white men were returning from Phoenix last night they were fired on from ambush and M. J. Younger, Croswell Fleming and a Mr. Miller were badly wounded and are at Stockwell's, five miles from here.

LONDON TIMES.

English Paper's Editorial on the
Philippine Question.

London, Nov. 9.—The Times says this morning: Whatever may be the result of the elections in the United States the administration has gone too far to retreat on the Philippine question. The American reply may perhaps modify the original proposals, but there is no doubt the main demand will be pressed to a successful conclusion.

"It is impossible not to feel sympathy with Spain and we trust that, on the financial side, the Americans will show themselves generous toward a fallen enemy."

After expressing satisfaction that "Future misunderstanding will be avoided by the immediate adoption of a selection which was ultimately inevitable," the Times says:

"We trust that America has learned to appreciate the fact that commercial restitution and imperial expansion do not thrive together. But it must be confessed that our sympathy with the Americans in their new course suffers a great strain by such blunders as the order for the regulation of trade in Porto Rico, that reads as if borrowed from the British navigation acts which the Americans found so oppressive."

The editorial concludes by expressing the opinion that the new policy and the promising economic situation will prevent any recurrence of an acute currency crisis.

THEATER BURNED.

Audience Disperses With No Excitement—Loss, \$70,000.

Cleveland, Nov. 9.—Fire broke out about 10 o'clock last evening in the factory of the Paper Box company, on the third floor of the 4-story brick Stocking block. The flames spread rapidly upward, and soon the two top floors and the roof were blazing.

The flames were communicated to the Cleveland Theater, next door, and the roof of that building was soon on fire. There was a large audience in the theater, witnessing the play "The Nominee." The manager of "The Nominee" company, Alfred Cummings, who was reading election returns from the stage, told the people that there was a fire in the neighborhood and that, as the firemen wanted to enter the theater, they should go out. The audience quietly dispersed with no excitement, except that one woman fainted upon reaching the doorway and seeing the theater on fire.

The Cleveland theater is practically a total loss. The damage is placed at \$40,000. The theater was burned before in 1891. The Stocking block is ruined above the third floor and the lower part damaged by water; loss, \$30,000.

Evacuation Commissioners.

Havana, Nov. 9.—No business whatever was transacted yesterday by the evacuation commissioners. The members of the American commission seem much annoyed at the unnecessarily prolonged delay of the United States commissions appointed to select camp sites and arrange for transportation, who seem to have accomplished little or nothing, but to postpone the bringing of United States troops, stores and supplies.

Weather.

Indiana—Rain; colder in northern part.

Charged With Larceny.

Madison, Ind., Nov. 9.—William Preston and Professor Forbes, parachute jumpers who exhibited at Carrollton, Ky., Monday, were arrested just above Madison yesterday by Sheriff Wallace for larceny, and are in jail here.

TOM WOOLFOLK

Innocent of a Murder For Which He Was Hanged.

Macon, Ga., Nov. 9.—H. S. Young, a railroad man here, has just found among some plunder bequeathed to him by the negro Simon Cooper, who was lynched at Maysville, S. C., two years ago, a memorandum book containing a detailed account of the famous Woolfolk tragedy, near Macon, when nine members were slain, only one (Tom Woolfolk) escaping. He was the eldest son, and after two court trials was hanged for murder, because of circumstantial evidence against him. The South Carolinian, in the memorandum, says he killed the Woolfolk family, and was especially anxious to kill Tom. In the last line of the memorandum is the sentence: "Tom was sly for me that night, but I'm even with him at last." This is supposed to refer to Tom's execution.

Many people have always believed Tom guiltless. His lawyer, John Rutherford, during a 10-hour speech in the courthouse, exclaimed: "I swear before Almighty God I believe Tom Woolfolk did not kill those people."

The negro was about here during the year in which the murder was committed. His diary tallies almost perfectly with Tom Woolfolk's account of the murder of that family. He made his will before he killed the South Carolinian family, for which he was lynched, and in it says he knew he was going to sooner or later be killed for his crimes, and he wanted Mr. Young, by whose family he had been reared, to have all his possessions.

NEW REMEDY

For Hog Cholera Received at Purdue Experiment Station.

Lafayette, Ind., Nov. 9.—The Purdue experiment station, in charge of Dr. Biting, has been notified it will receive a consignment of serum for treating hog cholera some time this week. This is the new government remedy, which is proving successful, and it is the first lot to be tried in this state. The disease prevails in almost every county, and is causing immense losses. From the reports received it is estimated that fully 750,000 hogs, valued at \$4,000,000, will be lost this fall. Everything on the market has been tried without success, and the results of the experiments with the new serum will be watched with interest.

REMARKABLE WILL

Interest on \$50,000 Divided Among a Hundred Little Girl Waifs.

Chicago, Nov. 9.—A remarkable will was presented to Judge Kohlsaat today for probate. The will, which was made by Orlando D. Hadsell, an eccentric old bachelor, who died recently, divides among 100 little girl waifs every year for 99 years the interest of \$50,000. Hadsell is reported to have made his money on chattel mortgages. Although Hadsell seemingly spent the last years of his life almost as a hermit, it is stated that a contest over his will may be made by two women, one of whom claims to have been Hadsell's bookkeeper for a number of years.

Postal Order Issued.

Washington, Nov. 9.—Postmaster-General Enoch Smith has issued an order admitting private mailing cards, authorized by the act of May 19, 1898, into the foreign mails at 1 cent postage each for Canada and Mexico, and 2 cents each for all other postal union countries. This permits the sending of any kind of card in lieu of requiring the usual postal card, provided the size is the same as the official cards.

Off For the Philippines.

San Francisco, Nov. 9.—The United States transport Newport bearing General Miller and staff, the First battalion Twenty-third Kansas regiment and the Wyoming light battery sailed last evening for the Philippines and Camp Merriam is now a thing of the past, the only troops left here being those of the California department.

An Eloquent Speaker.

True eloquence was voiced by John Speaker, of Catawba, O., when he says: "I had five large fever sores on my leg four years, and tried five doctors without benefit. All said I could not be cured, but I fooled them by curing myself with one bottle of Electric Bitters and one box of Bucklen's Arnica Salve." Electric Bitters is the greatest blood purifier known. It gently stimulates the stomach, liver, kidneys and bowels, so that poisonous matter can not remain in the system. It cures dyspepsia, malaria, constipation, nervousness, aids digestion, improves appetite, increases strength, gives new life. Prices 50 cents. Sold by Wm. F. Peter, Druggist.

WILL BE SMOKED OUT.

Murderer Franklin Located In a Strawstack.

Glasgow, Ky., Nov. 9.—John Franklin, who, it is alleged, assassinated his mother-in-law near Beckton by shooting her through a window, has been located. His hidingplace was found to be in a strawstack about a mile below Glasgow junction.

This has been his place of concealment for a month past, he being furnished with food by a friend. He got his supper last midnight at Ed Pursley's, and it was then discovered where he was in hiding. He is armed with a double-barreled shotgun, but is very ragged and looks haggard and worn.

The sheriff, jailer and other officers from here have gone to the junction to assist in Franklin's capture and also aid in protecting him from mob violence should any be offered. If he refuses to come out of his hole when they demand it this time the strawstack will be fired.

WITH A PENKNIFE.

Charles Coombs Slays His Sweetheart In a Fit of Jealousy.

Prestonburg, Ky., Nov. 9.—Martha Jones, aged 18, was slain by her lover, Charles Coombs, in a fit of jealousy. He cut the girl's throat with a penknife. The murdered girl and Coombs, who is 23 years old, had been lovers from childhood and were shortly to be married. Recently another young man began paying attentions to Miss Jones and this caused the lover's jealousy. Meeting her near her home he demanded an explanation, and when she refused he committed the crime.

SAYS HE WAS DRUNK.

Young Man Fires Seven Shots at a Young Lady In a Sickness.

Georgetown, Ky., Nov. 9.—Hiram Cook, a young man, went to the house of Scott Holland, several miles from town, while the latter and his wife were away from home, and fired seven shots at their daughter, Miss Lillie Holland, aged 21 years, who was sick in bed. All the shots were wild. Cook lived in the neighborhood, and had been to the house several times before to see old man Holland. Cook was arrested. He claims he was drunk and did not know what he was doing.

Taken to the Supreme Court.

Ashtand, Ky., Nov. 9.—The suit of the wife and daughter of William Means, former mayor of Cincinnati, against the estate of Thomas Means of this place, has been taken to the supreme court. The first suit was decided against the heirs, and the second gave the heirs something over \$150,000.

CHILD LABOR LAW

Citizens of Aurora Worked Up
Over Its Strict Enforcement.

PENSIONS FOR INDIANIAN

Annual Epidemic of Diphtheria at
Auburn Investigated by State Board
of Health—Unique Wedding at Portland—Fell Under His Train—Parachute Men Charged With Larceny.

Aurora, Ind., Nov. 9.—This town is greatly wrought up over the child-labor law of the state. The city authorities are rigidly enforcing its provisions, and 29 boys have been compelled to cease work in factories. In several cases the boys were the sole support of aged or infirm parents. The idea is not at all popular in this county.

DIPHTHERIA AT AUBURN.

Annual Epidemic Investigated by the
State Board of Health.

Auburn, Ind., Nov. 9.—Secretary Hurty of the state board of health has been visiting this city on account of the annual outbreak of diphtheria, and made a thorough investigation of the sanitary condition of the town. As a result of his visit, he reports that he believes it necessary for an expert to locate here for a year or more, in order that this dread disease may be stamped out.

Every year there is an outbreak of diphtheria. The soil seems to be impregnated, and the digging of trenches for the city waterworks has brought the germs of the disease to the surface. There have been 25 cases up to date, with three deaths. One of the victims was a little child of Frank Rush, whose wife was recently accidentally burned to death.

UNIQUE EVENT.

Double Wedding at Portland That
Caused a Surprise.

Portland, Ind., Nov. 9.—A unique matrimonial event, a double wedding, occurred at the First Christian church here, the contracting parties being George Curtis of New Antioch, O., and Earl A. Hoover of Union City, O., who were married to Miss Ethel M. Castle and Miss Lillie S. Higgins, both of this city. Rev. G. B. Garner of Lafayette, O., performed the ceremony, which was witnessed by only two persons, and was a great surprise to the many friends of the brides.

Spreads Like Wildfire.

You can't keep a good thing down. News of it travels fast. When things are "the best" they become "the best selling." Abraham Harte, a leading druggist of Belleville, O., writes: "Electric Bitters are the best selling bitters I have ever handled in my 20 years experience. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tone up the stomach, regulates liver, kidney and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 5 cents. Sold by Wm. F. Peter, Druggist."

In 1887 Mr. Thomas McIntosh of Allentown, Tenn., had an attack of dysentery which became chronic. "I was treated by the best physicians in East Tennessee without a cure," he says. "Finally I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using about twelve bottles I was cured sound and well." For sale by C. W. Milhous.

Give the Children a Drink
Called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder and children, as well as adults, can drink it with great benefit. Cost about a cent a cup. 15 and
